REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed on 3/6/06 (see pages 7-9) are persuasive as to the point that none of the cited prior art teach endpointing upon delineating a trench isolation structure to create a registration marker and accordingly, overcome the applied rejections.
2. The cited closest prior art fails to teach a process of backside navigation including the step of determining endpoint of the fiducial opening upon delineating a trench isolation structure to create a registration marker to resister an image of the trench isolation structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
